

**WORKSHOPS
THAT WORK**

EFFECTIVE VISUAL PRESENTATIONS

AVOID DEATH BY POWERPOINT - MAKE PRESENTATIONS THAT POP

Death by PowerPoint - (noun. *origin Corporate America*) an overwhelming feeling of boredom and frustration experienced during a seemingly interminable presentation accompanied by visual aids that are uninspiring, distracting and/or so uninteresting that watching drying paint would be preferable. This interactive workshop will help you have visuals that breathe life and fun into your presentations and avoid the dreaded Death by PowerPoint.

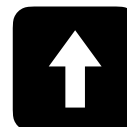

Interactive Fun

Learn best-practices for implementing effective visual aids.

Best in Show

Learn how to choose and prepare all types of visual aids to grab an audience's attention and keep it.

Level Up

Get the skills necessary to present with confidence, using visual aids that work for you.

ABOUT YOUR INSTRUCTOR:

Tiffany Olson earned a B.S. and M.S. in Communication at Illinois State University. Over the last twenty+ years, Tiffany has taught communication courses at the college-level and now focuses her attention on corporate clients, helping them hone their skills through workshops and one-on-one coaching.

PRAISE FROM PAST ATTENDEES:

Tiffany's sessions are engaging and relatable. She uses excellent examples, especially those about her own experience. She creates a learning environment where participants feel comfortable sharing their knowledge and skills.. We continue to use Tiffany because the feedback we receive is always outstanding."
